### His Last Words-

Editor's Note - Christ's tormented cry from the cross, "Why hast thou forsaken me," appears to be one of the most confusing phrases ever spoken. But a prominent Episcopal bishop explains the words stem not from bitterness as might be supposed. This is the fourth of five articles on the last words of Christ.

#### By THE RT. REV. JAMES A. PIKE (Episcopalian) Written for the Associated Press

"My God, my God, why hast Thou forsaken me?"

The most puzzling word from the cross is the cry, Eloi, Eloi lama sabachthani?: "My God, my God, why hast Thou forsaken Me?" Not puzzling if Jesus is seen as only a man; but puzzling indeed when he is conceived as God and man.

But there is an explanation and a sound one both theologically and historically. More than that it is an answer that can speak to each of us in our harrowing

With this controversial issue sidetracked from the main world arena, delegates were hopeful the assembly could wind up by the target date of April 21.

Informed sources said the two big powers would inform the assemblys main political committee this afternoon that they will continue private talks on the makeup of a new East-West arms negotiating committee and on the time and place for the negotiations to resume.

Soviet Foreign Minister Andrei A. Gromyko and Chief U. S. Delegate Adlai E. Stevenson were also expected to introduce a joint resolution citing their agreement and asking the 99-nation body to defer arms debate until the next session starting Sept. 19.

Stevenson has been negotiating with the Soviets for more than four weeks in search of some way to postpone an arms debate until the fall and thus gain time for the Kennedy administration to formulate its disarmament policy. Stevenson and Gromyko report-

### 8 Bowling Green Collegians Expelled; 30 To Face Probe

BOWLING GREEN, Ohio (AP) trolmen to force all students to -Eight Bowling Green State University students have been disin campus demonstrations and 30 more will be questioned when they return from Easter vacation.

Those dismissed were among 43 detained by the school for a few hours Wednesday after the rest of the 6,000 students began their week's vacation in the wake of three days of demonstrations. Five were cleared and the remaining 30 were told to report back. The university did not release names of those punished.

It was learned, however, and confirmed by the dean of men, that one of the eight dismissed was James Bailey of Brookville, Ohio. Pailey told a reporter his only mistake was not staying in his dormitory Tuesday night.

Bailey said highway patrolmen, part of a 53-man detachment called by school officials to help bring order, stopped him as he walked back to his dormitory from a bonfire. He said the patrolmen detained him in the police station and then took him to the men's gymnasium where he was held with 14 other students until after midnight.

The stern action by highway patrolmen came after university president Ralph W. McDonald declared the campus in a state of emergency and requested the pa-

But despite (or, perhaps, because of) the terrifying possibilities inherent in today's deadly serious world, Americans have a more realistic attitude than they had when national and international issues were distorted or ignored.

And valid concepts attained by facing up to the facts offer a much more solid basis for building a better world than the simplified and romanticized concepts from which the populace formerly extracted a few laughs.

### What Age in Life Is Best?

of life in any way you chose, where would you begin? What would you like to be?

These questions are sophomoric, of course, as no one yet has found a way to turn back the calendar and wish-granting fairy godmothers are few and far between.

But probably no one alive hasn't at one time or another brooded over the possibility of going back to an earlier, ideal age in his existence and living a different kind of life. It is perhaps mankind's favorite daydream.

The subject came up recently at a cocktail party I attended. Most of those present were in the midor upper middle-age bracket. Some of their choices of how they'd change their lives, if offered a chance at a second goaround, were surprising.

Childhood is usually regarded as the golden time of life, but none of those present expressed a desire to begin again as an infant. None wanted to be a teen-ager either. Not even the ladies wanted to be "sweet 16" again.

One is the increase in apartment house construction, with still greater gains expected in the next few years.

The other is the upgrading of present homes to fit changing family needs and the salvaging of many city neighborhoods starting on the downgrade.

Home building normally accounts for about 5 per cent of the total national production. But this support of the economy has been declining most of the time for two years and the 1961 outlook is for

The government has changed its money policies from tight to easier and thus made more money available for home mortgages. It also has moved to lower mortgage interest rates. There has been some decline in various areas in the cost of financing a home, much of the drop due to lower discounts asked when the money is advanced.

But still the demand for new homes hasn't responded as hoped. Some say building costs are too high. Some say the postwar housing shortage is only a memory and theres no great urge to buy anymore. Two other fields look brighter.

The demand for apartments is rising because of the increasing totals of both senior citizens and the young marrieds who aren't ready yet for a home of their own. Builders also report that more

home owners are enlarging or improving their present homes-and that still more are talking about it if financing can be arranged. Once more the federal govern-

ment is stepping in. This time it is President Kennedy's proposal to Congress that the government insure 25-year home improvement loans.

The Federal Housing Administration will now insure improvement loans for five years at 5 per cent interest rate, discounted, so the actual interest is 9.4 per cent. for a top loan of \$3,500. The Kennedy proposal would raise the terms to 25 years with a maximum rate of 6 per cent and a ceil- Mar. 9, 16, 23, 30.

The aim is to attract families wishing to improve or enlarge present quarters. The market potential here could be quite large, builders say. For one thing, today's higher building costs would

apply only to the addition and not

to the entire resulting house. A further goal is to interest home owners and landlords in city areas where older housing is beginning to turn shabby - prelude to becoming slums of the type that blight large sections of many

It is hoped that property owners will consider taking out a long-term mortgage to repair or modernize existing housing so that whole neighborhoods can be saved from taking the plunge. Builders say such moves taken in time are often more than repaid in increased resale values or in command of higher rentals.

This, at least, is the thinking behind the new housing proposals.

Darryl is the elder, and he started acting early. It began when his role in the Bob Cummings TV father, a Los Angeles insurance salesman, sold a policy to Ethel Meglin, who ran a talent school for children. Turnabout was good business, so Hickman enrolled his No. 1 son in the school.

By the age of 5, Darryl was acting in movies. For a dozen years, he was one of the busiest child actors in Hollywood. Dwayne tagged after him

### Chinese Seek Test-Tube **Baby Secret**

HONG KONG (AP)-China's 650 millions aren't multiplying fast enough for the Communists. They are working on test-tube babies.

"Many theoretical and technical problems remain to be solved," a Chinese scientist reported in the official Peiping People's Daily. The government organ devoted 3,500 words to the subject, indi-

cating the importance the Peiping regime attaches to the possibility of test-tube babies in China. It's part of Peiping's paradoxi-

cal but heavy propaganda emphasis on Communist China's need for manpower Despite its teeming population,

China is short of machinery-on the farm and in the factory-and it must use manpower to fill the slack. In China, manpower is cheaper than machinery.

The scientist, Chang Tso-kan, said in his report, "For human beings, nine months of pregnancy is Hickman's brother. no light or easy burden. Such diseases as poisoning due to preg-nancy are detrimental to health. "If children can be had without

being conceived, the work and labor of mothers need not be affected by child birth. This is happy news for women.'

#### Fire Trucks Are Out of the Red

COLUMBUS, Ohio (AP) - Twenty - five years ago most fire trucks were red but the trend recently has been to varied colors so that emergency vehicles will stand out from the many red trucks on the street, says a Seagrave Corp. engineer.

W. P. Brenning says fire trucks now come in shades of white, yellow, gray, green, brown, orange, blue and even black. But if you

When Darryl got out of the Army in 1957, he found himself referred to again and again as Dwayne's brother. It was tough to take, especially while his own career was struggling through the transition from child to adult

"It hurt me emotionally. I didn't know how to cope with it," said

Dwayne moved on to greater fame as TV's Dobie Gillis while Darryl's career continued to hit and miss. Newly married and with a baby on the way, he found the jobs stopped coming.

"Naturally I started thinking that acting wasn't for me," he said. "I began to think seriously about going into insurance."

But at his wife's urging, he used his spare time for something he had long wanted to do: write. He labored over a script for himself, something that would give him a chance to sing. He sold it and himself to the Loretta Young TV show, plus three other scripts. He has collaborated on writing for other series.

His acting career started perking again. The big break came when he landed the new Civil War series, "The Americans," on NBC. He plays the Northern soldier on

"Now I don't have enough time for everything I need to do," Darryl said. "My whole attitude has changed. Nothing seems impossible now."

And he doesn't mind in the least when he's called Dwayne

### Queen Labeled Knockout in **Newest Gown**

LONDON (AP)-Once upon a time, the queen of England was a conventionally dressed woman. But not any more She's a knockout.

British newspapers today published pictures of Queen Elizabeth II dressed in a slinky, figure-hugging sequin dress and a white stole rakishly slung over her trim

The queen was guest of honor Tuesday night at the home of the Indian high commissioner, Mrs. V. Pandit, and went dressed in the closest thing to an Indian sari -a garment that takes back seat senhower's case his secretary of to few when it comes to flattering the female figure.

Elizabeth's clinging dress descended to her royal toes and was cut fairly low above her bosom, revealing her pretty curves.

The queen's dark hair was lacquered and diamond pendants hung from her ears. A diamond necklace encircled her neck. Her lips were heavily though artfully rouged and eye shadow accented her blue eyes

All this is a long way from the somewhat dumpy Princess Elizabeth who on Nov. 20, 1947, wed the dashing Prince Philip.

Eisenhower avoided name-calling, personal attacks, and fights with senators and representatives, even when they were undercutting him. So does Kennedy.

There the similarity ends. Where Eisenhower seemed to pat his programs on the head, send them trotting up to Congress, and wish them well without fighting to put them through.

Kennedy does the opposite. Still, while Kennedy and his aides work over the members of Congress, in person and by phone, there's no blood on the ground when it's over. But, to see what a roughhouse it was, look at some of the close votes, even when he

When he wanted the House to enlarge the Rules Committee so as to outnumber the combination of conservative Republicans and Southern Democrats who could strangle his programs-he won by only 217 to 212.

Last week his side fought to keep Republicans and Southern Democrats from chopping up his minimum wage bill and lost 186 to 185. The House went on then to pass a much weaker measure than Kennedy wanted.

It's been reported since he had enough House votes to win, if the votes had only shown up in time. But they didn't. They were either still in their office or on their way to vote.

This was Kennedy's first big

HAWK MAKES A KILL-Displaying its fast reaction time, the U.S. Army's Hawk air defense system makes a kill on a Corporal Ballistic Missile (left) at the White Sands, N.M. missile range. The "defending" Hawk Missile battery had only a few seconds to acquire the target (lower) and fire the Hawk after the Corporal arched high above the earth. The Corporal was intercepted and killed in a brilliant explosive flash (top) high above the desert as it plunged earthward from the fringes of space. Closing speed of the two missiles was several times the speed of sound.

### Jensen Gives Needed Spark To Bosox '9'

Once-Retired Slugger Assures 6-4 Victory Against Cleveland

By THE ASSOCIATED PRESS September 28, 1960 may turn out to be a mighty important date in the 1961 baseball fortunes of the Boston Red Sox.

On that day, Ted Williams said he was calling it a career as an active player. And Jackie Jensen announced that he was returning to the Red Sox in 1961 after a year's retirement "for personal reasons."

Thus Boston lost Williams, the colorful veteran, but regained the slugging Jensen-making a "comeback" in the American League at the age of 34.

Jensen belted a three-run homer over the left field wall Wednesday in the bottom of the seventh and gave the Red Sox a 6-4 victory over the Cleveland Indians at Scottsdale, Ariz. Rain halted the game at the end of the sev enth.

The distance-swinging outfielder accounted for four runs with a double besides his third homer of the spring.

Bill Monbouquette, a 14-game winner in 1960, pitched the seven innings for the Red Sox, who posted their 10th victory in 16 exhibition starts. Walt Bond homered for the Indians.

Elsewhere along the exhibition circuit Wednesday: New York snapped an eight-game home base losing streak in downing Detroit 5-3, Milwaukee turned back Minnesota 6-2, Kansas City nipped St. Louis 3-2, Philadelphia whipped Pittsburgh 7-2, the Chicago White Sox licked the Los Angeles Dodgers 10-6, and San Francisco blanked the Chicago Cubs 8-0 in a game called after seven innings because of rain. Cincinnati split its squad for a day-night game. The Reds' B team bowed to Washington 5-4 in the afternoon and the "A" team lost at night to Balti-

more in Miami, 9-8. Bill Skowron and Bobby Richardson powered the Yanks over the Tigers with homers off Paul Foytack. Hank Aaron, Joe Adcock and Frank Bolling homered for the winning Braves while Harmon and Great Lullwater. Killebrew connected in a losing game for Minnesota.

Ray Herbert of the A's shut out the Cards with three hits in seven innings, the Red Birds scoring twice in the ninth off Ed Keegan. The Phils' Robin Roberts worked seven shutout frames in extending his scoreless string to 17 innings at the expense of the Pi-

Rocky Fork Pests Removed by Thousands

COLUMBUS, Ohio (AP)-Some happenings on the Ohio nature and wildlife front: Thousands of black bullheads,

all small, are being removed from Rocky Fork Lake in Highland County by fisheries men in the Division of Wildlife.

The division says the small fish, running from five to seven inches in length, are consuming entirely too much food, much of it in the way of eggs of other more desirable species, especially bluegills.

Last year schools of these small bullheads were observed rooting in bluegill nests, eating the eggs. As a result, production of bluegills suffered as have the larger fish that prey upon the small blue-

More cock pheasants can be taken by hunters without upsetting nature's ways, according to surveys conducted by fieldmen of the Wildlife Division.

Virgil Scott, game management supervisor in the Chillicothe district, said during a recent count 2.269 pheasants were seen-1,728 hens and 541 cocks. That's a ratio of almost one cock bird to three

Highest ratio was found in Fayette County-one rooster for every five hens. Most wildlife authorities agree that in the better pheasant range, the ratio could be as much as one cock pheasant for every

### Views on Television - Radio

By CYNTHIA LOWRY AP TV-Radio Writer

NEW YORK (AP)-The opening of the West during the last our decades of the 19th century resembled scarcely at all the glamorous, adventurous picture painted nightly on the TV screen.

In "The Real West," an NBC documentary Wednesday night, old photographs and other documents from the period cut through the myths and the legends.

Accompanied with an effective narration by Gary Cooper, they presented a picture of hardship, tragedy and rowdyism along the trails and in the cowtowns. They also blasted the tradition of the heroic fast-guns.

"A lot of cowhands carried pistols-usually rusty," reported Cooper, "but few of them could

### Extra Work Is Common For Banks

MESA, Ariz. (AP)-The exhibition game was over. The Chicago Cubs had won. But out came the batting cage and in stepped Ernie Banks who figured he needed a little extra work on his timing. Flash Gordon

That extra work was typical of the dedication the Cubs star puts into the game he terms "the best ever invented."

Voted the most valuable player in the National League in both 1958 and 1959, Ernie has hit 231 homers in a career dating back to 1953, more than any other major league shortstop.

Last season he hit 41 homers, but his average fell off to .271, well below his lifetime mark of .292

"I was swinging at some bad balls so this spring I'm concentrating at swinging at only strikes," he explained.

THE HUNTING IS EXCELLENT

INTHIS AREA, MR. ABERNATHY

Ernie works as hard or harder than the rookies in this camp where the emphasis is on youth. "We've got good spirit and that means a lot to a ball club regardless of where it finished the pre-

vious year," he declares. Chicago opened its Cactus League exhibition campaign by winning a majority of the games. Ernie believes that even this early, that will help the team.

"You've got to have that spirit at the start of a season and winning the exhibition games helps to get it," is his philosophy.

### Conspiracy Bill Zips Through Ohio House

Measure Is Aimed At Top Echelon of Criminals in State

COLUMBUS, Ohio (AP) - The criminal conspiracy bill, aimed at making those who plot certain crimes as guilty legally as those who actually commit them, has passed the Ohio House without a dissenting vote.

The bill's targets are the higherups of organized crime in Ohio, those calling the shots in the fields of gambling, illegal narcotics and prostitution. Under terms of the bill they would be subject to the same fines and prison sentences as henchmen who carry out their

For example, those directing numbers rackets or other kinds of gambling could be jailed up to three years. Slot machine conspiracy would carry a five-year maximum and a \$5,000 fine, prostitution 20 years maximum, and illegal manufacture of narcotics up to 20 years in prison and \$10,-

The House vote Wednesday was 135-0 It's the first major Democratic administration bill to come to a vote in the House, where Republicans hold an 83-55 edge.

The House majority leader, Rep. Robert Taft Jr., R-Hamilton, calls it "a bipartisan attempt to dry up the life blood of organized crime in Ohio." Its sponsors include five Democrats and a Republican.

Backers now will be hopefully watching the bill's progress on the Senate side. A somewhat broader proposal on the same subject died in committee there two years ago -after being passed by the House.

A legislative week that had its hectic moments-consider, for instance, the turmoil before the Senate completed ratification Wednesday of a Federal Constitution amendment - was expected to wind up quietly today.

Ohio, by the way, wasn't the 38th and deciding state to approve presidential voting privileges for fore." District of Columbia residents by ratifying the amendment. New Hampshire was 37th, Kansas 38th, and the 36-0 vote of the Ohio Senate (the House having already anproved), made Ohio the 39th. The Ohio ratification actions was a minutes. matter of minutes.
